Program Description

The Associate of Science Degree in Nursing is designed to prepare the student for a career as a registered nurse. The mission of the Broward College Program of Nursing is to prepare competent, caring, culturally sensitive, entry level nursing graduates for meaningful employment as professional registered nurses. Striving for academic excellence, the faculty provides an innovative program, recognizing both the art and the science of nursing while utilizing the Outcomes and Competencies outlines by the National League for Nursing. This framework includes advocating for clients, utilizing evidence-based practice in clinical decision making, implementing nursing care that is focused on ethical, responsible, and honest behaviors, and evaluating all care rendered, while challenging the status quo in an informed manner to bring about change where needed to enhance the care of the client. The program is committed to accomplishing this mission through the use of effective and diverse instructional methods that encompass both traditional as well as technology-based strategies. Visit program's website (<https://www.broward.edu/academics/health-sciences/nursing/>) for additional information.

The Nursing Program is approved by the Florida Board of Nursing and accredited by the Accreditation Commission for Education in Nursing (ACEN). The Florida Board of Nursing mailing address is:

4052 Bald Cypress Way
Tallahassee, Florida 32399-3257
www.doh.state.fl.us (<http://www.doh.state.fl.us>)

ACEN is located at:

3343 Peachtree Road, NE, Suite 500
Atlanta, Georgia, 30326.

The student who has met all educational and institutional requirements for an Associate of Science Degree in Nursing from Broward College is eligible to have his/her name submitted to the Florida Board of Nursing to be considered as a candidate for the National Council Licensure Examination for the Registered Nurse (NCLEX-RN). The Florida Board of Nursing is the state agency authorized to determine if the applicant qualifies to take the National Council Licensure Examination (NCLEX-RN) for licensure as a Registered Nurse in Florida. For licensure requirements, refer to sections 464.008 and 464.009, Florida Statutes (F. S.), Rules 64B9-3.002 and 3.008, Florida Administrative Code (F.A.C.)

Additional Program Information

The Nursing Program offers two program options for the Associate in Science Degree in Nursing: The Generic Option and the LPN-RN Transition Option. Both program options are offered in the traditional classroom setting.

The Generic Option is for applicants who have no previous nursing education. The LPN-RN Transition Option is for students who already hold a current Florida Practical Nursing License without restrictions. Sessions are 8 weeks in length except the Summer Term, which is 6 weeks. The Generic-RN Nursing Program can be completed in 22 months.

All nursing students must have internet access and the capability to perform basic computer skills. After admission, students are required to complete certificate courses; CAE0216 (HIV/AIDS), CAE0660 (TB/OSHA/Hepatitis), CAE0062 (CPR Basic Life Support American Heart Association approved), CAE0441 (Domestic Violence), CAE0528 (Prevention of Medical Errors), and CAE0644 (Florida Laws & Rules for Nursing and Respiratory Care). Students can take the certificate courses outside of Broward College. All Certificates are to have Florida Board of Nursing (FBN) approval shown by

FBN number. The due dates for the forms/certificates are given in the mandatory, general orientation meeting that is discussed in the acceptance letter provided to students.
