

# STUDENT OMBUDSPERSON WEB PORTAL

---

The web portal (<http://www.broward.edu/students/ombudsperson.html>) for the Office of the Student Ombudsperson is where students can submit concerns online about their Broward College experience that have gone unresolved. The Office of the Ombudsperson will make sure that student concerns are routed properly and that a response is communicated to the student. The Office of the Student Ombudsperson will provide students with guidance about applicable College policy and procedure and will work with students to resolve even the most difficult issues.

Visit the Office of the Student Ombudsperson (<http://www.broward.edu/students/ombudsperson.html>) for more information.
