

# HOW TO ACCESS YOUR ACCOUNT

---

Once you have submitted the Broward College Admissions application, a communication will be sent to your personal email with your Broward College student ID, email address and username. Your Broward College student email will be in the format of username@mail.broward.edu. The email account will not be active until you have completed all the steps that apply to you on the Steps to Enroll (<http://www.broward.edu/admissions/apply.html>) at Broward College. When logging in for the first time you will be assigned a temporary password which you will be prompted to change, and you will be prompted to setup Multi-Factor Authentication (MFA) using the Microsoft Authentication App.

If you do not know your username or email address, go to the Find my Username page (<http://mybc.broward.edu/FCCSC/student/studentemailid.jsp>). You will need your first name, last name and your date of birth or your student ID.
