ACADEMIC SUCCESS CENTERS

Designed to advance academic achievement, the Academic Success Centers (ASCs) provide currently enrolled and registered Broward College students with a variety of quality support services in a comfortable, collaborative atmosphere. Tutoring services from highly qualified and certified tutors are available in various subject areas at the Academic Success Centers. Students are encouraged to utilize ASC services early and often to develop college-level study skills and become independent learners. Services provided by the ASC include:

- Academic support areas, labs and tutoring (accounting, business, computer science, economics, English as a Second Language, modern foreign language, math, science, STEM, writing)
- In-person and virtual one-on-one and group appointment sessions
- Certified tutors
- Collaborative project space
- Graphing calculators (loan)
- Laptops (loan)
- Open computer centers with printing and scanning
- Study groups
- Textbook reserves
- Quiet study spaces

Please visit the ASC at one of the following locations or online (https://www.broward.edu/ASC/):

Online Tutoring Services

Online tutoring services are available through Tutor.com (http://Tutor.com) for currently enrolled and registered Broward College students. Through this service, students can access practice tests and review materials in various academic subjects, and work with a tutor in a live, interactive and engaging virtual learning environment. Tutor.com (http://Tutor.com) can be accessed 24/7 through a student's myBC account or Brightspace by D2L. Live one-on-one help is available on a limited basis per student, per semester. Students can manage their time through the available minute counter located on the site's home page.

Classroom Support

Another function of the Academic Success Centers is to support quality instruction by providing initiatives to support the curriculum and campus faculty. Classroom visits and orientations are available to introduce students to ASC services and resources. Each campus maintains a library of video and other instructional multimedia resources to enhance classroom instruction. Project collaboration and class visit can be arranged by contacting the campus Academic Success Centers.
